# Our products

**AMX**

Stand-alone safety switch DLC SIL2  
In PA6 or INOX316  
TÜV certified

**ANATOM**

Non stand alone safety switch  
with safety relay SIL3 PLe  
TÜV certified

**XORF SA**

Encoded RFID safety switch  
E2 certified by UTAC

**OPTOPUS**

ACOTOM® miniature multicode  
safety switch

**MASSIMOTTO**

Coded safety switch ideal for double  
swinging doors - ideal for serie installation

**EPINUS**

Coded safety sensor with 2/4Kilos  
magnetic force embedded  
EPINUS 2KNT MKTS -40°+125°C

**TRITHON**

High temperature safety sensor  
-30°C to +110°C  
IP69K

**SUPERMAGNET**

Electromagnetic safety sensor SS316L-  
IP69K up to 98N holding force

**VIGILGUARD**

Coded contactless interlocking solution

# Our products

**AWAX**

Safety relays & safety control modules  
SIL3 PLe

**GAZ & FLUIDE  
AIR COMPRIME**

PRESSOSTAT / VACUOSTATS  
Safety switch control gas & fluid pressure  
in a positive safety mode

**Thermostat**

Safety thermostat Innovation

**ATEX**

Atex Certified range :  
III GD-EEEx ia IIC T4

**B22 B30 B50**

Multicolour touch sensitive button &  
optical button (on/off) up to IP69K

**B50**

Two hands control solution using dual  
technology : optical & capacitance

**XR 530**

RFID solution access  
control & alarm

**SL50**

Illuminated LED indicator, multi colours  
for automatic machines

**LOCKGARD**

Smart digital RFID key lock  
with 16 million codes, equipped  
with a self-learning system

# Our products

---

Illuminated emergency stop button

Robust, compact interlocking solution with SS handle

Mini PLC with eight clickable safety functions

Safety relay rated PLe/SIL3 homologated for Two hands control solution
